Seven Fun Facts About Catholicism

- 1 – We have tons of friends. Not only are there more than 1.18 billion Catholics, but we also have the Angels and Saints.
- 2 – The Church's system of law, called Canon Law, is the basis of much of the law in the world's Western culture.
- 3 – Catholics not only read The Bible, but put The Bible together.
- 4 – Pope John Paul II snuck out of the Vatican more than 100 times to go skiing in the Italian Alps without anyone noticing.
- 5 – The Vatican is the smallest country in the world and has a total land area of 0.44 square kilometers.
- 6 – The Vatican's largest export is postage stamps.
- 7 – The Catholic Church is not anti-science. In fact, many of the major scientific discoveries have been made by Catholics (some who were priests). The Vatican even has an observatory.
