

Sock Out Cancer Day in New York State

June 4, 2023

Bishop Lucia is proud to inform you that the State of New York unanimously passed a Legislative Resolution in both the Senate and the Assembly declaring **June 4, 2023 Sock Out Cancer Day in New York State**.

Earlier this year, Bishop Lucia announced the results of the Sock Out Cancer *"Children Helping Children"* campaign. The multi-colored Sock Out Cancer socks were sold within the Catholic Schools throughout the Syracuse Diocese. As a result of that effort, **\$4,000** was sent to The Upstate Golisano Children's Hospital for support with pediatric cancer. It should also be noted that **600 pairs of socks** were donated and distributed to various charities to support individuals in need.
